The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

Explanations to be Noted by Users of This Catalogue

THE Catalogue of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued at monthly intervals in twelve numbers each year, and is followed by a complete index for the year. The general arrangement is an alphabet of the titles of the musical works with certain exceptions explained hereafter. The arrangement is alphabetical under the first word of the title (except "a," "an," or "the," or the corresponding foreign articles), and a grouping at the end of the title alphabet of such titles as will not conveniently alphabetize (e. g., titles beginning with numerals, dates, etc.).

EXCEPTIONS.—(1) In the case of editions of classical music, instead of distributing them under the titles, each author's works are brought together by an entry under the original composer's name, and for such works search should be be made in this number under the following names: Bach (Johann Sebastian); Beethoven (Ludwig van); Bizet (Georges); Brahms (Johannes); Chaminade (Cécile Louise Stéphanie); Delibes (Clément Philibert Leo); Donizetti (Gaetano); Gluck (Christoph Wilibald von); Godard (Benjamin Louis Paul); Gounod (Charles François); Grieg (Edvard Hagerup); Händel (Georg Friedrich); Haydn (Franz Josef); Liszt (Franz); MacDowell (Edward Alexander); Massenet (Jules Emile Frédéric); Mendelssohn-Bartholdy (Jacob Ludwig Felix); Mozart (Wolfgang Amadeus); Palestrina (Giovanni Pierluigi Santo); Raff (Joseph Joachim); Schubert (Franz Peter); Schumann (Robert Alexander); Strauss (Richard); Thomas (Charles Louis Ambroise); Tschaikowsky (Peter Iljitch); Verdi (Giuseppe); Wagner (Richard).

(2) COLLECTIONS having general titles, such as "Fünf studien," "12 études élémentaires," etc., and pieces published without individual identifying titles, but designating the class of musical work (e. g., "waltz," "dance," "march," "cantata," "schottische," "nocturne," "impromptu," "sonata," "étude," "study," "exercise," etc., without differentiating words and only identifiable by the name of the composer) are entered under the composer's name without cross reference from the titles and search should only be made under the names of the composers.

IMPRINTS.—As the publishers of musical compositions are generally also the claimants of copyright the imprint is omitted, but when the name and address of the publisher differ from those of the copyright proprietor, mention of the fact is made at the end of the title as an imprint giving place of publication and name of publisher.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOGUE

Piano music is understood to be for two hands unless otherwise stated. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the Copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E," Class E, Musical compositions; "D," Class D, Dramatico-musical compositions; "©," implies copyright registration of a published composition, followed by date of publication; "© 1 c.," stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy; and "2 c.," for 2 copies, followed by the date of their receipt. In the case of contributions to periodicals only one copy of the issue or issues containing such contributions is required.

A list of copyright renewals made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

A list of the musical compositions and dramatico-musical compositions used or licensed to be used for the manufacture of parts of instruments serving to reproduce mechanically the musical work, recorded under section 1 (e) of the act of March 4, 1909, follows the list of renewals.

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is $1, payable in advance, to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

UNITED STATES

WASHINGTON

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

Explanations to be Noted by Users of This Catalogue

THE Catalogue of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued at monthly intervals in twelve numbers each year, and is followed by a complete index for the year. The general arrangement is an alphabet of the titles of the musical works with certain exceptions explained hereafter. The arrangement is alphabetical under the first word of the title (except "a," "an," or "the," or the corresponding foreign articles), and a grouping at the end of the title alphabet of such titles as will not conveniently alphabetize (e. g., titles beginning with numerals, dates, etc.).

EXCEPTIONS.—(1) In the case of editions of classical music instead of distributing them under the titles, each author's works are brought together by an entry under the original composer's name, and for such works search should be made in this number under the following names: Bach (Johann Sebastian); Balfe (Michael William); Beethoven (Ludwig van); Bizet (Georges); Brahms (Johannes); Chopin (Frédéric François); Donizetti (Gaetano); Flotow (Friedrich von); Godard (Benjamin Louis Paul); Gounod (Charles François); Grieg (Edvard Hagerup); Händel (Georg Friedrich); Haydn (Franz Josef); Liszt (Franz); Mascagni (Pietro); Massenet (Jules Emile Frédéric); Mendelssohn-Bartholdy (Jacob Ludwig Felix); Mozart (Wolfgang Amadeus); Paganini (Niccolo); Palestrina (Giovanni Pierluigi Santo); Puccini (Giacomo); Schubert (Franz Peter); Schumann (Robert Alexander); Tschaikowsky (Peter Iljitch); Verdi (Giuseppe).

(2) COLLECTIONS having general titles, such as "Fünf studien," "12 études élémentaires," etc., and pieces published without individual identifying titles, but designating the class of musical work (e. g., "waltz," "dance," "march," "cantata," "schottische," "nocturne," "impromptu," "sonata," "étude," "study," "exercise," etc., without differentiating words and only identifiable by the name of the composer) are entered under the composer's name without cross reference from the titles, and search should only be made under the names of the composers.

IMPRINTS.—As the publishers of musical compositions are generally also the claimants of copyright the imprint is omitted, but when the name and address of the publisher differ from those of the copyright proprietor, mention of the fact is made at the end of the title as an imprint giving place of publication and name of publisher.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOGUE

Piano music is understood to be for two hands unless otherwise stated. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the Copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E," Class E, Musical compositions; "D," Class D, Dramatico-musical compositions; "©," implies copyright registration of a published composition, followed by date of publication; "© 1 c.," stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy; and "2 c.," for 2 copies, followed by the date of their receipt. In the case of contributions to periodicals only one copy of the issue or issues containing such contributions is required.

A list of copyright renewals made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

A list of the musical compositions and dramatico-musical compositions used or licensed to be used for the manufacture of parts of instruments serving to reproduce mechanically the musical work, recorded under section 1 (e) of the act of March 4, 1909, follows the list of renewals.

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is $1, payable in advance, to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

COPYRIGHT--POLAND

By the President of the United States of America

A PROCLAMATION

Whereas it is provided by the act of Congress approved March 4, 1909, entitled "An act to amend and consolidate the acts respecting copyright," that the copyright secured by the act, except the benefits under section 1 (e) thereof as to which special conditions are imposed, shall extend to the work of an author or proprietor who is a citizen or subject of a foreign state or nation, only upon certain conditions set forth in section 8 of the said act, to wit:

(a) When an alien author or proprietor shall be domiciled within the United States at the time of the first publication of his work; or

(b) When the foreign state or nation of which such author or proprietor is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States the benefit of copyright on substantially the same basis as to its own citizens, or copyright protection substantially equal to the protection secured to such foreign author under this act or by treaty; or when such foreign state or nation is a party to an international agreement which provides for reciprocity in the granting of copyright, by the terms of which agreement the United States may, at its pleasure, become a party thereto:

And whereas it is provided by section 1 (e) of the said act of Congress, approved March 4, 1909, that the provisions of the act "so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically the musical work, shall include only compositions published and copyrighted after this act goes into effect, and shall not include the works of a foreign author or composer unless the foreign state or nation of which such author or composer is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States similar rights";

And whereas the President is authorized by the said section 8 to determine by proclamation made from time to time the existence of the reciprocal conditions aforesaid, as the purposes of the act may require;

And whereas satisfactory official assurances have been received that on and after February 16, 1927, citizens of the United States shall be entitled to obtain copyright for their works in Poland which is substantially equal to the protection afforded by the copyright laws of the United States, including rights similar to those provided by section 1 (e) of the copyright act of the United States, approved March 4, 1909.

Now, therefore, I, Calvin Coolidge, President of the United States of America, do declare and proclaim

That on and after February 16, 1927, the conditions specified in sections 8 (b) and 1 (e) of the act of March 4, 1909, will exist and be fulfilled in respect to the citizens of Poland and that on and after February 16, 1927, citizens of Poland shall be entitled to all the benefits of the act of March 4, 1909, including section 1 (e) thereof and the acts amendatory of the said act.

Provided that the enjoyment by any work of the rights and benefits conferred by the act of March 4, 1909, and the acts amendatory thereof, shall be conditional upon compliance with the requirements and formalities prescribed with respect to such works by the copyright laws of the United States.

And provided further that the provisions of section 1 (e) of the act of March 4, 1909, in so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically musical works shall apply only to compositions published after July 1, 1909, and registered for copyright in the United States which have not been reproduced within the United States prior to February 16, 1927, on any contrivance by means of which the work may be mechanically performed.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this 14th day of February in the year of our Lord one thousand nine hundred and twenty-seven and of the independence of the United States of America the one hundred and fifty-first.

[SEAL.]

CALVIN COOLIDGE.

By the President:

FRANK B. KELLOGG,

NEW SERIES, VOLUME 22

No. 3

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON
1927

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

Explanations to be Noted by Users of This Catalogue

THE Catalogue of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued at monthly intervals in twelve numbers each year, and is followed by a complete index for the year. The general arrangement is an alphabet of the titles of the musical works with certain exceptions explained hereafter. The arrangement is alphabetical under the first word of the title (except "a," "an," or "the," or the corresponding foreign articles), and a grouping at the end of the title alphabet of such titles as will not conveniently alphabetize (e. g., titles beginning with numerals, dates, etc.).

EXCEPTIONS.—(1) In the case of editions of classical music instead of distributing them under the titles, each author's works are brought together by an entry under the original composer's name, and for such works search should be made in this number under the following names: Bach (Johann Sebastian); Balfe (Michael William); Beethoven (Ludwig van); Bizet (Georges); Brahms (Johannes); Chaminade (Cécile Louise Stéphanie); Chopin (Frédéric François); Delibes (Clément Philibert Léo); Donizetti (Gaetano); Flotow (Friedrich von); Gluck (Christoph Wilibald von); Gounod (Charles François); Grieg (Edvard Hagerup); Händel (Georg Friedrich); Haydn (Franz Josef); Liszt (Franz); MacDowell (Edward Alexander); Mascagni (Pietro); Massenet (Jules Émile Frédéric); Mendelssohn-Bartholdy (Jacob Ludwig Felix); Moszkowski (Moritz); Mozart (Wolfgang Amadeus); Offenbach (Jacques); Paganini (Niccolo); Puccini (Giacomo); Rossini (Gioacchino Antonio); Saint-Saëns (Charles Camille); Schubert (Franz Peter); Schumann (Robert Alexander); Strauss (Richard); Tschaikowsky (Peter Iljitch); Verdi (Giuseppe); Wagner (Richard).

(2) COLLECTIONS having general titles, such as "Fünf studien," "12 études élémentaires," etc., and pieces published without individual identifying titles, but designating the class of musical work (e. g., "waltz," "dance," "march," "cantata," "schottische," "nocturne," "impromptu," "sonata," "étude," "study," "exercise," etc., without differentiating words and only identifiable by the name of the composer) are entered under the composer's name without cross reference from the titles, and search should only be made under the names of the composers.

IMPRINTS.—As the publishers of musical compositions are generally also the claimants of copyright the imprint is omitted, but when the name and address of the publisher differ from those of the copyright proprietor, mention of the fact is made at the end of the title as an imprint giving place of publication and name of publisher.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOGUE

Piano music is understood to be for two hands unless otherwise stated. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the Copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E," Class E, Musical compositions; "D," Class D, Dramatico-musical compositions; "©," implies copyright registration of a published composition, followed by date of publication; "© 1 c.," stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy; and "2 c.," for 2 copies, followed by the date of their receipt. In the case of contributions to periodicals only one copy of the issue or issues containing such contributions is required.

A list of copyright renewals made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

A list of the musical compositions and dramatico-musical compositions used or licensed to be used for the manufacture of parts of instruments serving to reproduce mechanically the musical work, recorded under section 1 (e) of the act of March 4, 1909, follows the list of renewals.

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is $1, payable in advance, to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

NOTICE

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that in so far as any copyright articles deposited from January, 1920, to December 31, 1926, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1927.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*

UNITED STATES

WASHINGTON
1927

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

Explanations to be Noted by Users of This Catalogue

THE Catalogue of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued at monthly intervals in twelve numbers each year, and is followed by a complete index for the year. The general arrangement is an alphabet of the titles of the musical works with certain exceptions explained hereafter. The arrangement is alphabetical under the first word of the title (except "a," "an," or "the," or the corresponding foreign articles), and a grouping at the end of the title alphabet of such titles as will not conveniently alphabetize (e. g., titles beginning with numerals, dates, etc.).

EXCEPTIONS.—(1) In the case of editions of classical music instead of distributing them under the titles, each author's works are brought together by an entry under the original composer's name, and for such works search should be made in this number under the following names: Bach (Johann Sebastian); Beethoven (Ludwig van); Bizet (Georges); Brahms (Johannes); Chopin (Frédéric François); Delibes (Clement Philibert Léo); Flotow (Friedrich von); Gounod (Charles François); Grieg (Edvard Hagerup); Händel (Georg Friedrich); Liszt (Franz); Massenet (Jules Emile Frédéric); Mendelssohn-Bartholdy (Jacob Ludwig Felix); Moszkowski (Moritz); Mozart (Wolfgang Amadeus); Puccini (Giacomo); Rubinstein (Anton Gregorovitch); Saint-Saëns (Charles Camille); Schubert (Franz Peter); Schumann (Robert Alexander); Strauss (Richard); Thomas (Charles Louis Ambroise); Tschaikowsky (Peter Iljitch); Verdi (Giuseppe); Wagner (Richard).

(2) COLLECTIONS having general titles, such as "Fünf studien," "12 études élémentaires," etc., and pieces published without individual identifying titles, but designating the class of musical work (e. g., "waltz," "dance," "march," "cantata," "schottische," "nocturne," "impromptu," "sonata," "étude," "study," "exercise," etc., without differentiating words and only identifiable by the name of the composer) are entered under the composer's name without cross reference from the titles, and search should only be made under the names of the composers.

IMPRINTS.—As the publishers of musical compositions are generally also the claimants of copyright the imprint is omitted, but when the name and address of the publisher differ from those of the copyright proprietor, mention of the fact is made at the end of the title as an imprint giving place of publication and name of publisher.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOGUE

Piano music is understood to be for two hands unless otherwise stated. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the Copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E," class E, Musical compositions; "D," class D, Dramatico-musical compositions; "©," implies copyright registration of a published composition, followed by date of publication; "© 1 c.," stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy; and "2 c.," for 2 copies, followed by the date of their receipt. In the case of contributions to periodicals only one copy of the issue or issues containing such contributions is required.

A list of copyright renewals made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

A list of the musical compositions and dramatico-musical compositions used or licensed to be used for the manufacture of parts of instruments serving to reproduce mechanically the musical work, recorded under section 1 (e) of the act of March 4, 1909, follows the list of renewals.

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is $1, payable in advance, to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

By the President of the United States of America

PROCLAMATION

Whereas it is provided by the act of Congress approved March 4, 1909, entitled "An act to amend and consolidate the acts respecting copyright," that the copyright secured by the act, except the benefits under section 1 (e) thereof as to which special conditions are imposed, shall extend to the work of an author or proprietor who is a citizen or subject of a foreign state or nation, only upon certain conditions set forth in section 8 of the said act, to wit:

(a) When an alien author or proprietor shall be domiciled within the United States at the time of the first publication of his work; or

(b) When the foreign state or nation of which such author or proprietor is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States the benefit of copyright on substantially the same basis as to its own citizens, or copyright protection substantially equal to the protection secured to such foreign author under this act or by treaty; or when such foreign state or nation is a party to an international agreement which provides for reciprocity in the granting of copyright, by the terms of which agreement the United States may, at its pleasure, become a party thereto:

And whereas it is provided by section 1 (e) of the said act of Congress, approved March 4, 1909, that the provisions of the act "so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically the musical work, shall include only compositions published and copyrighted after this act goes into effect, and shall not include the works of a foreign author or composer unless the foreign state or nation of which such author or composer is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States similar rights";

And whereas the President is authorized by the said section 8 to determine by proclamation made from time to time the existence of the reciprocal conditions aforesaid, as the purposes of the act may require;

And whereas satisfactory official assurances have been received that on and after March 1, 1927, citizens of the United States have been

entitled to obtain copyright for their works in Czechoslovakia which is substantially equal to the protection afforded by the copyright laws of the United States, including rights similar to those provided by section 1 (e) of the copyright act of the United States, approved March 4, 1909.

Now, therefore, I, Calvin Coolidge, President of the United States of America, do declare and proclaim

That on and after March 1, 1927, the conditions specified in sections 8 (b) and 1 (e) of the act of March 4, 1909, existed and were fulfilled in respect to the citizens of Czechoslovakia and that on and after March 1, 1927, citizens of Czechoslovakia have been entitled to all the benefits of the act of March 4, 1909, including section 1 (e) thereof and the acts amendatory of the said act.

Provided that the enjoyment by any work of the rights and benefits conferred by the act of March 4, 1909, and the acts amendatory thereof, shall be conditional upon compliance with the requirements and formalities prescribed with respect to such works by the copyright laws of the United States.

And provided further that the provisions of section 1 (e) of the act of March 4, 1909, in so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically musical works shall apply only to compositions published after July 1, 1909, and registered for copyright in the United States which have not been reproduced within the United States prior to April 27, 1927, on any contrivance by means of which the work may be mechanically performed.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this twenty-seventh day of April in the year of our Lord one thousand nine hundred and [SEAL.] twenty-seven and of the Independence of the United States of America the one hundred and fifty-first.

CALVIN COOLIDGE.

By the President:

FRANK B. KELLOGG,

Secretary of State.

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON
1927

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

Explanations to be Noted by Users of This Catalogue

THE Catalogue of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued at monthly intervals in twelve numbers each year, and is followed by a complete index for the year. The general arrangement is an alphabet of the titles of the musical works with certain exceptions explained hereafter. The arrangement is alphabetical under the first word of the title (except "a," "an," or "the," or the corresponding foreign articles), and a grouping at the end of the title alphabet of such titles as will not conveniently alphabetize (e. g., titles beginning with numerals, dates, etc.).

EXCEPTIONS.—(1) In the case of editions of classical music instead of distributing them under the titles, each author's works are brought together by an entry under the original composer's name, and for such works search should be made in this number under the following names: Bach (Johann Sebastian); Beethoven (Ludwig van); Bellini (Vincenzo); Bizet (Georges); Gluck (Christoph Wilibald von); Godard (Benjamin Louis Paul); Gounod (Charles Francois); Grieg (Edvard Hagerup); Händel (Georg Friedrich); Haydn (Franz Josef); Leoncavallo (Ruggiero); Liszt (Franz); MacDowell (Edward Alexander); Mendelssohn-Bartholdy (Jacob Ludwig Felix); Moszkowski (Moritz); Mozart (Wolfgang Amadeus); Rubinstein (Anton Gregorovitch); Saint-Saëns (Charles Camille); Schumann (Robert Alexander); Strauss (Richard); Thomas (Charles Louis Ambroise); Wagner (Richard).

(2) COLLECTIONS having general titles, such as "Fünf studien," "12 études élémentaires," etc., and pieces published without individual identifying titles, but designating the class of musical work (e. g., "waltz," "dance," "march," "cantata," "schottische," "nocturne," "impromptu," "sonata," "étude," "study," "exercise," etc., without differentiating words and only identifiable by the name of the composer) are entered under the composer's name without cross reference from the titles, and search should only be made under the names of the composers.

IMPRINTS.—As the publishers of musical compositions are generally also the claimants of copyright the imprint is omitted, but when the name and address of the publisher differ from those of the copyright proprietor, mention of the fact is made at the end of the title as an imprint giving place of publication and name of publisher.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOGUE

Piano music is understood to be for two hands unless otherwise stated. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the Copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E," Class E, Musical compositions; "D," Class D, Dramatico-musical compositions; "©," implies copyright registration of a published composition, followed by date of publication; "© 1 c.," stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy; and "2 c.," for 2 copies, followed by the date of their receipt. In the case of contributions to periodicals only one copy of the issue or issues containing such contributions is required.

A list of copyright renewals made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

A list of the musical compositions and dramatico-musical compositions used or licensed to be used for the manufacture of parts of instruments serving to reproduce mechanically the musical work, recorded under section 1 (e) of the act of March 4, 1909, follows the list of renewals.

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is $1, payable in advance, to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.
